STRIKERS' STATEMENT. RIOTING HAS OCCURRED

Ask Calhoun to Assist in Maintaining Peace.

SAY HE IS RESPONSIBLE. PROVES A COSTLY AFFAIR

Accuse Street Car Official of Sending Out Armed Thugs and Blacklegs Who Fired Upon Citizens Along the City's Thoroughfares,

San Francisco, May 8.—At the Carmen's union meeting the executive committee issued the following statement:

"We would ask Mr. Calhoun one request and that is to co-operate with us in keeping the peace of this city. We are law-abiding citizens and we want no trouble. Therefore, we would ask Mr. Calhoun to stop turning his barns into fortresses and exhibiting armed men on the streets. Nobody is going to attack the barns and all his display of force serves to draw crowds which no power on earth can keep from becoming unruly.

"Only Tuesday afternoon Mr. Calhoun, you started five of your cars through the public thoroughfares of San Francisco manned by armed thugs and ruffians who fired right and left at citizens on the streets without cause or provocation, and not only were they shooting from the cars, but they were stationed on the roof of the stockade shooting through the fence at innocent citizens on the streets.

"You speak of the members of the Carmen's union as being lawless strikers, but now we ask the public who are the lawless—the carmen of San Francisco or Mr. Calhoun and his thugs?

"The union has advised and ordered its members to preserve peace and order, but Mr. Calhoun sends out his armed thugs and blacklegs and orders them to shoot right and left regardless of whom they kill or maim. One inspector of the United Railroads boasts of emptying his revolver through the fence and as a result of these reckless and unlawful acts twelve persons have been shot down like dogs. Mr. Calhoun is responsible for these unlawful acts.

"He has scourred the eastern cities for thugs, blacklegs and criminals. He has brought them here and turned them loose on the unoffending public of San Francisco and unlawful and criminal shooting is the result.

"In the name of peace and common sense, Mr. Calhoun, withdraw your gunfighters and do not continue to provoke riot in our streets."

PEACEFUL IN MORNING.

Both Sides, However, Continued to Hurl Defiance.

San Francisco, May 8.—The streets Wednesday morning were practically free of crowds, but both sides continued to hurl defiance. Police mounted and afoot were stationed at Fillmore and Tenth streets, the source of the rioting, to prevent people congregating.

Twenty-six men were wounded Tuesday.

WATER FRONT CONDITIONS.

Longshoremen's Strike More Serious on Wednesday Than Ever.

New York, May 8.—Conditions on the water front brought about by the strike of the longshoremen were more serious Wednesday than ever.

The strikers number fully 10,000, and both sides are apparently firm in their determination to stand firm. Nearly a score of companies have agreed at a meeting to stand firmly together and fight the demands of the men.

Thus far only two companies, the Mallory line and the Southern Pacific company, have made terms with the men.

Work has been resumed at the freighters piers of these companies.

In other quarters a few hundred strikebreakers have been engaged, but even with the assistance of the crews of various ships these men have made but small inroads in the mountains of freight that are accumulating at all the important shipping points.

The big transatlantic companies, however, are sending out their ships nearly on schedule time, but the strikers claim that these vessels are going away "light," that is, with only a small part of their usual cargoes.

The conciliation committee of the Civic Federation, of which Marcus M. Marks is chairman, tried to bring about some arrangement by which a conference could be arranged with a view to a settlement, but neither the representatives of the companies nor the strikers seemed to want arbitration, and the committee met with disengagement from the strike leaders.

The temper of the strikers was shown Tuesday by an attack on forty strikebreakers near the Cunard docks.

These men were badly mauled before they could be rescued by the police.

Youth Suicides.

Philadelphia, May 8.—In his attempt to hold up, with the aid of a companion, two trolley conductors in West Philadelphia, and fearing that he had killed a policeman in his effort to escape, Harold S. Jones, aged sixteen years, shot and killed himself.

Effort at San Francisco to Run the Street Cars

Armed Guards and Mob, Including In It Hundreds of Women, Have Hot Battle, and Several Persons Injured, One Dying.

San Francisco, May 8.—The strike of the 1,700 union motormen and conductors of the United Railways developed Tuesday afternoon into a riot in which more than a score of persons were severely hurt, some were severely wounded and others hurt to a less extent.

At 2:30 o'clock the company made its first attempt to resume the operation of its system by sending out seven passenger cars manned by between thirty and forty strikebreakers wearing the uniform of car inspectors and each carry thirty-eight-caliber revolver strapped about his waist outside his coat. This start was made from the company's barns at Turk and Fillmore streets, where a crowd of from 3,000 to 5,000 men and boys had gathered.

Twenty-seven policemen, five mounted officers and several sergeants, under the command of Captain Moddy, were on patrol guard. The appearance of the cars in Fillmore street, from which they were switched into Turk street, was the signal for an immediate outburst of jeers and howls.

Before the cars had gone one block they were made the targets of stones and bricks. In a few minutes every pane of glass had been smashed, and several of the armed operatives had been hit, cut and bruised. At Turk and Buchanan streets an especially fierce attack was made on the foremost car. A guard on the rear platform answered the flying stones with a pistol shot. The bullet struck one of the union sympathizers in the arm.

This transformed the crowd into a wild mood, and thenceforward for twelve blocks there was fierce fighting. The strikers and their friends aided by hundreds of youthful hoodlums, kept up a running shower of missiles. The guards on board the cars responded with fusillade after fusillade of pistol shots.

Eight men received bullet wounds, some of which will prove fatal. Among those thus injured are a detective sergeant and a patrolman. James Walsh died from a wound.

Finally a dozen or more of the guards were arrested by reserves from the central police station, and a union crowd board the rearmost car and started it back to the barns. Arriving there, the strikers charged that revolver fire was opened upon them from the barns. In this encounter several more men were shot. A non-union man threw the switch at the corner of Turk and Fillmore streets, and the derelict car shot into the sidewalk, maiming two men, whose names have not been learned. In the stampede that followed a score of women and children on the outskirts of the mob in Fillmore were hurled to the pavement and trampled upon.

The appearance of relief squads to reinforce Police Captain Moddy's men resulted about 3:40 o'clock in the partial dispersing of the crowd.

At Van Ness avenue a youth was shot through the lungs. He pitched forward into the street whence he was lifted and thrown onto a mattress in a furniture van. He was hurried to the emergency hospital. Still the mob, checked but not dismayed by the rain of bullets, kept up a running pursuit of the slowly moving cars stoning them and cursing the guards.

Just beyond Van Ness avenue the first squad of police arrived in a patrol wagon. The mob stoned them, too, but presently desisted on being implored by union pickets, who shouted frantically: "Boys, don't hit the cops; they are our friends!"

Mr. Mullaly said that when the attorneys of the United Railways visited the central police station to request the admittance to bail of the strikebreakers under arrest for shooting strikers and their sympathizers, Chief of Police Dihann said: "Tomorrow I shall arm the police with rifles. If any strikebreaker stars any shooting from the cars they will be shot in turn by the police."

"I can hardly credit this statement," added Mr. Mullaly, "but it comes to me direct and authentically."

Thirteen strikebreakers were arrested. Three of them were released on bail, and the remainder were held awaiting developments.

A bullet penetrated the abdomen of Tom Buchanan, a striker, and perforated the intestines twenty-two times.

James Walsh died at the emergency hospital. He was a strike sympathizer.

They could be rescued by the police.

THE MORNING EAGLE

Entered at the Postoffice in Bryan, Texas as second-class matter.

BY CARNES & WALLACE

BRYAN, TEXAS, MAY 9, 1907

The editors of the Eagle acknowledge the courtesies of the fifth annual Flower Show and Industrial Fair to be held at LaGrange May 15 and 16. Geo. E. Lenert is chairman of the press committee.

Considerably more than one hundred people have united with the Bryan churches as a result of the two revivals which have just been held. Let us hope those to come will be attended by the same successful results.

Storm ravages in north Texas have reached disastrous proportions. Many have lost their lives and great destruction of property has been wrought by the several cyclones which have visited that section.

In the event that railroad is built down the Brazos bottom, the more free bridges that are built across the Brazos river, the better it will be for Bryan and Brazos county. We should look well to our trade in that locality and allow no opportunity to pass that will make it more secure.

Mr. James S. Dean, class '06, who has been teaching in the drawing department the past year, will attend the Boston Technological Institute at Boston during the summer. We are sorry to say that he does not intend returning to College next summer.—The Battalion.

Mr. Rodney Tabor, a member of the Architectural Engineering class of '06 who is attending the Boston Technological Institute, was recently elected art editor of the Annual published by that school. There are three art editors and Mr. Tabor stands at the head of the list. This is no small honor

and we wish to congratulate Mr. Tabor on his success.—The Battalion.

Fort Worth, May 8.—City Marshals and Chiefs of Police association met in thirtieth annual convention Tuesday. President Maddox welcomed the visitors. City Marshal Lowe of Tyler sang the association's song, "My Lulu." Several new members were taken in and much business transacted.

May Prove Fatal.

Waco, May 8.—While cleaning skates at the skating rink Walter Pruitt, the caretaker, was perhaps fatally burned. A boy struck a match and a pile of skates wet with the fluid became ignited. The flames burned Pruitt on the face and chest in a terrible manner.

Surrenders on Indictment Made Against Him In Texas.

St. Louis, May 8.—Henry Clay Pierce, the oil magnate, has surrendered on an indictment against him from Texas. The indictment returned against him in Texas charges him with perjury in an affidavit he made to the attorney general of that state; the purpose of the affidavit being to reinstate the Waters-Pierce Oil company in the state of Texas, from which it had been ousted from doing business on the grounds that it was part of the Standard Oil company.

TEXT BOOK BILL.

Consideration Occupied Nearly All of Wednesday's Session.

Austin, May 8.—Consideration of the textbook bill in the house occupied practically all of Wednesday morning's session. There was a heated debate over the proposition as to whether the governor shall have exclusive power to name the textbook board or whether it shall be done by the president of the university and superintendent of public instruction. Mr. Ray made an effort to have the bill considered section by section, but it failed.

The house passed finally Stratton's bill providing for bringing of suits against non-resident taxpayers, by Texas agents.

Representative Kennedy had his motion adopted that the house consider his bill requiring complete rendition of shares of capital stock of banking institutions, but before the bill could be considered the time for consideration of the textbook bill arrived.

Senate passed finally Terrell's anti-trust bill, which the governor sent back for correction.

Senate judiciary committee No. 1 reported favorably the house bill providing emancipation for persons convicted of criminal assault.

Committee on Federal relations reported favorably the bill authorizing city of Galveston to cede to Galveston county a tract of land.

The governor sent another message to the legislature requesting an amendment to the fourteen hour railroad bill so that the date of the act may become effective be changed from July 12 to Oct. 12, as the railroads cannot comply with the law by July 12. House committee on revenue and taxation unanimously killed Reedy's bill proposing a reduction in ad valorem tax rate from 16 2/3 to 12 1/2 cents.

RAPE CHARGED.

Victim Is Said to Be In a Critical Condition.

Ardmore, May 8.—Clyde Perkins, a negro, aged nineteen, was brought here from Chickasha under a charge of rape. The assault, it is alleged, was on Fastina Austin, a ten-year-old negro girl. Perkins is said to have held the girl's grandmother away at the point of a revolver while he committed the assault. He was placed under arrest a few hours later by United States officers, who placed a strong guard about the Chickasha prison, as 200 enraged negroes pleaded for his body, but were held at bay and the negro was rushed here to await the calling of a special term of court at Chickasha. The negro girl is said to be in a critical condition.

Detectives Blackburn Says Ten Per Cent Occurs In State.

Fort Worth, May 8.—Before the Texas City Marshals and Chiefs of Police association convention Mr. Blackburn of Houston declared that 10 per cent of the homicides in the United States occurred in Texas. He discussed criminal conditions in Texas and urged the importance of co-operation in securing the arrest of offenders.

Other addresses were made by C. H. Maddox of Fort Worth, Massie of Houston, Barron of Waco and Houston.

LOVED SAME GIRL.

One of the Young Men Takes the Life of His Chum.

Independence, Mo., May 8.—Clyde St. Clair, aged twenty-two years, son of George St. Clair, a prominent citizen, was shot and killed on the public square early Wednesday by Van Tappan, aged twenty-three years, an intimate friend.

The two young men attended a party together at the home of a young woman with whom both were in love, and were returning home when they engaged in a quarrel over her, which resulted in the injury.

Tappan went to the police station and voluntarily surrendered. He said he shot St. Clair in self defense, declaring the latter threatened him with a revolver. There were no witnesses.

FIRST BIG COUNT MADE.

Announcement of the Standing of Candidates in Fountain-Edge Dry Goods Co.-James Contest.

The first big count of the votes in the E. J. Fountain-Edge Dry Goods Company-M. H. James educational contest was concluded last night and the results up to the present time are given below. There are a number of active contestants for the honors scattered over the town and the county, and the results show that they and their friends are working for success in a way that is going to pile the votes away up before the contest closes August 15. The first count is only a starter, however, and no indication of who will be the fortunate winners. This will be determined by the effort put forth between now and the end.

The results show that an enormous vote has been polled, the grand total being 157,870. This is indicative of the strong interest manifested in the contest, which has been a hot one from the beginning.

The count of the votes was made under the supervision of Jno. B. Hines, W. A. Watkins and W. P. Bryan, who have been selected to attend to this duty.

NOT KNOWN.

Captain Macklin Is Unable to Identify Knowles.

Fort Sill, Okla., May 8.—In the court-martial proceedings here of Corporal Knowles, negro, charged with an attempt to kill Captain Edgar P. Macklin at the latter's home at Fort Reno, Captain Macklin gave a description of his assailant which tallied with that of the defendant. The witness, however, could not positively identify Knowles as his assailant, as the assailant's features, he said, were partially hidden by a handkerchief used as a mask. A negro woman named Johnson, Captain Macklin's cook, who was an eye witness to the assault, could not say positively if the assailant was a negro. She said he wore a khaki suit and carried a revolver with a black handle, which she believed was an army revolver.

Lieutenant Herringshaw is acting as judge advocate and Lieutenant Hensley is counsel for Knowles.

Lieutenant Nichols of the Thirtieth Infantry testified regarding the lay of the land about Fort Reno, stated that the chances were 2 to 1 against an intruder being detected.

Jesse Fugua, a boy, who found clothing tallying with that worn by the assailant, according to Captain Macklin, identified the apparel, and said it still bore the quartermaster's tag when found.

REFUSES TO FILE.

Secretary Filson Demanded Sheepskin Copy of Constitution.

Guthrie, May 8.—A clash between President Murray of the constitutional convention and the territorial officials occurred Tuesday when Murray offered to file one of six original typewritten copies of the constitution with the territorial secretary and a certified copy of the election ordinance and Secretary Filson absolutely refused to receive and file them.

Secretary Filson demanded the original sheepskin copy of the constitution and the engrossed copy of the election ordinance. Governor Frantz endorsed the stand taken by Filson, and refuses to call an election for ratification of the constitution. Murray declares that he himself will call the election. Lawyers are divided as to the validity of a call by Murray.

WHY HE RESIGNED.

Said He Had Been Bullyragged Long Enough by Church Element.

Marion, O., May 8.—Mayor Louis Scherff resigned as one of the trustees of the Epworth Methodist Episcopal church. His resignation is due to the fact that Frank Zuck, a member of the church, at the behest of the Ministerial association, filed affidavits against ten players of the Marion, O., team who played ball Sunday. The mayor claims he has been "bullyragged long enough by the church element, which takes the credit for electing him on a reform ticket."

"I shall remain a Methodist, but I do not wish to serve on the official board in view of the present situation," said the mayor.
